

Paula Reason BA Architecture (Hons), MA Textiles (Distinction), Dip Arch, RIBA

Artists Statement:

Paula's background as an architect forms the foundations for her artistic practice. Through this she explores the relationship that we have with the built environment, how it both reflects and influences our personalities and identities. She works mainly with, but not limited to, textiles.

Paula founded Cadmium Design Consultants in 2001, a multidisciplinary architectural practice. Projects have included designing and building over 30 Casinos, including the Hippodrome Casino in London and over 40 bars and restaurants around the world. All projects integrate bespoke art, designed by Paula in collaboration with other artists and craftsmen.
